

A man in a dark suit and tie stands with his arms crossed. His head is replaced by a glowing lightbulb. The background is a chalkboard filled with colorful arrows pointing in various directions, along with various sketches and drawings including a sun, a bicycle, a car, a rocket, and a person. The overall theme is one of ideas and innovation.

What happens
when a GENIUS
IDEA occurs to the
WRONG Person?

Nothing

However,
SOME Ideas
are just too
CRUCIAL to DIE
from Inertia...

**A Great IDEA
requires Momentum**

Treatise:

An ABSOLUTE SOLUTION for World Peace in the Face of Aggression.

There is a simple answer for the threat of war and unprovoked attack of the innocent by greedy and Dictatorial Warmongers in our Digital Age. We have the ability to hack, penetrate and listen to any private network and technology. The world has as its most feared weapon SMART Technology Bombs and Missiles, that contain an onboard digital GPS guidance system. The new Technology that currently is deliverable with relatively modest innovation and investment is a

RETURN TO SENDER technology that can interfere with any Missile or Nuclear Warhead GPS Coordinates that can detect and MODIFY those Coordinates, INSTANTEOUSLY, to reflect BACK to the POINT OF ORIGIN Coordinates, that will deflect ANY aggression BACK to the ORIGIN of the perpetrator. In other words to simplify the concept Any Dictator who originates a First Strike will only succeed in blowing themselves and their own Country up. The best deterrent of them all.

WE ARE ALL IN THIS THING TOGETHER NONE GOES HIS WAY ALONE. ALL THAT WE SEND INTO THE LIVES OF OTHERS, COMES BACK INTO OUR OWN.

This **RETURN TO SENDER** Technology is completely doable, if not now, certainly soon and worth pursuing. Instead of living in fear of some DESPOT the PERPETRATOR BECOMES HIS OWN EXECUTIONER. This concept needs to be in the hands of someone who will conceive and work on this Technology. Please, Please, Please...SEND THIS FORWARD.
